### Back to School = Back to Doggie Daycare!

ARF's popular doggie daycare is back in full swing just in time for the back to school hustle and bustle, We are conveniently open 7am – 6pm Monday – Friday and 9am-5pm on Weekends & Holidays for doggie daycare.

Reward yourself by sending your pet to daycare, no after work walks, no need to keep your pet entertained while the workload piles up!! your pet will be just as happy to flop on the couch beside you at the end of a rewarding fun day at the farm with fur friends.

We know life is busy, that's why your 24/7 online pet parent portal booking and payment options are easy peesy lemon squeezy!

Wanting to enroll your pet? sign up with our online registration located on our website [www.appleridgefarm.ca](http://www.appleridgefarm.ca)

Having a pet is expensive, that's why Apple Ridge offers the perfect daycare package for your specific care needs.

What about viruses impacting our area? Viruses are invisible and are undetectable for up to 10 days until symptoms arise, they also are a part of your pet being social just like human children at daycare or school, luckily ARF requests your pet to receive annual vaccinations to prevent against them, but as stated in our waiver it says vaccinations are not 100% effective and your pet may come down with a cold, If they do we kindly ask you to keep them home for 14-22 days until they shed the virus.

We are excited to share that our NEWLY RENOVATED daycare space will be ready next week!!
